Subject: Re: LLC new language

Yes. The items on this list would require unanimity or fall back to dispute resolution if deadlocked.

Expenditure in excess of 10k

Thank you.

Aaron, with this change to 51-49, please let me know whether the following decisions require unanimity:

- Distributions of cash
- Expenditures in excess of more than a certain amount
- Loans
- Merger with another firm
- Addition of new member
- Capital contributions
- Allocations of profits and losses (tax purposes)

If you two get back to me today, I can make revisions. I am flying to SF this evening, but I love working on a plane! Tomorrow will be a little trickier to fit in work.

Thanks.
