Subject: Meeting for Saturday

Date: Wed, Dec 27, 2017 7:01 pm

Anne, I have been thinking about our business moving forward and have realized that I must make a change. I am going to need to meet with you to discuss what this looks like moving forward, as I will not continue to work with you in the coming year. We will need to figure out the most practical way to wrap up the current business. There are many options to discuss and I hope we can do so amicably. Going forward, I want to have a mediator or witness at all meetings. We have a meeting scheduled for this Saturday that should be postponed unless we can find someone to be a witness that we both can agree upon. I would like things to move swiftly. If we can't meet this weekend, I would like to make sure we are scheduled to meet before January 5th so that by the end of the month we can start to move our separate ways. I expect you will exercise professional courtesy of first determining how we will end the partnership and meeting with me to come to a settlement, before announcing it to people within or outside our firm.
