Ms. van Leynseele,

I apologize for the confusion. I (mis)read your email as meaning that these were new/additional threats that Mr. Pelley had made recently (and, therefore, had not yet been reported to Det. Meyst). The information already relayed to Det. Meyst back in 2018 does not need to be re-reported.

Again, I'm sorry for my misunderstanding and for any concern it caused.

Sincerely,

Patrick
